

## Campus Connections

Campus Connections programs are those that connect high-achieving students with academic college-level courses, providing concurrent high school credit. These courses, available through IPFW and Ivy Tech Community College, help students move towards college degrees.

For students planning ahead, they can take courses throughout their junior and senior years of high school and have their first year of college under their belt before even graduating high school.

Classes are held at the IMPACT Institute main campus (1607 E. Dowling St.) and are scheduled to coordinate with the AM and PM Vocational busing schedules should they need transportation from the high school.

For more information on the courses available, we encourage you to contact Faith Simpson, the IPFW Campus Connections representative at [simpsonf@ipfw.edu](mailto:simpsonf@ipfw.edu).
