

IMPACT

INSTITUTE

DUAL CREDIT

IMPACT Institute has established agreements with Ivy Tech Community College, Vincennes University and Trine University to grant college credit to students enrolled in the proceeding programs administered by the IMPACT Institute. Students shall receive credits based upon successful completion of the courses as determined by final grades and skills competency. Students will be dually enrolled at their home high school as well as the institution where they have applied. Find following the most current listing of credits available to Vocational students.
